

Infosecurity Europe, 3-5 June 2025, ExCel London

London
United Kingdom

A New Chapter for Cybersecurity at #Infosec2025 This year, Infosecurity Europe marks 30 years of bringing the global cybersecurity community together to further our joint mission of Building a Safer Cyber World. Here's how Infosec is responding to the needs of cyber professionals: Delivering quality conference content that provides actionable insights tailored to your challenges Ensuring a diverse mix of exhibitors that offer the technologies, innovations and expertise that cyber teams rely on Empowering transformative networking with Infosec Meets, enabling you to easily connect with the right people At its heart, Infosecurity Europe is about protecting our shared future - by uniting the people with the ideas, resilience, and solutions needed to combat evolving cyber threats. Building a Safer Cyber World - where every organisation can safeguard its people, assets, and data, and together we can make it a reality. Join us there to find out more.
